*Team Tee Selection Determines % of Remaining Prize Pool Eligibility\*\**

TIPS (Green Tees) = 100%; Blue Tees = 80%; White Tees = 60%; Gold Tees = 40%; Red Tees = 20%

#### How it works:

- Teams will discretely choose from which tee box their team will play by dropping their card into covered boxes
- After the round is completed, scores will be sorted by low gross team score with predetermined tie breakers
- Payouts continue until ALL of the prize pool is paid out or half the field is paid (whichever comes first)
- Final remaining prize pools money paid to last paid team(s)

\*minimum 20 entries

# How-to- establish your GHIN

Dear Community,

If you are a member of Vineyard Golf, please transfer your GHIN to have our course as your home course.

All you have to do is fill out a form at the Pro Shop next time you're playing.

Maintaining a Handicap Index isn't just useful for better, more experienced players who compete in tournaments. It's for everyone.

In fact, those who play golf mainly for fun can actually get more enjoyment out of the game while tracking their progress.

Thanks to new technology developed by the USGA, the GHIN mobile app presented by Sentry brings users a wealth of new features.

It's still simple to keep track of your hole-by-hole scores and stats, but now, the app is armed with course maps & GPS that add a new dimension.
